═裏DESTRUCTION! PART 2・完═

About Aoi Destruction

Samejima Aoi, 38 years old. An extremely cute father.

I came up with this story after seeing a television show while I was still an assistant to Fujita Kazuhiro-sensei. The show had to do with the children of crossdressers and lesbians and the like.

..... How do children see these kinds of parents?

An extremely cute father, for example, or a really masculine mother.

Sure, they're a little freaked out by it, but in the end, the love is still there. That was what prompted me to think that there might be a manga I could write about this.

I thought to myself that if I was going to make a shounen manga, then I had to draw a hot-blooded battle type, but when I began the process of making it, 'Aoi' just kind of collapsed. So then I thought, "Why don't I make it about what interested me in this in the first place?"

"Even if it's not the usual shounen manga, I should make it about what I want." So basically, I wrote it thinking about making it stupid and funny and something that I'd laugh at. I received a lot of letters at that time. Many of them came over the internet. The overriding feeling of all of them was "When I read this manga, something inside of me broke."

But when I look back at this and I think about Aoi and what this manga means to me, the thing inside of me that breaks is my stereotypes of what I think a 'shounen manga' should be.

Such frightening power you have, Samejima Aoi, 38 years old.
